## Annual Report 2014

Dear Friends of PEC,

Presbyterians for Earth Care (PEC) moved forward in 2014, continuing excellent partnerships with agencies of the PC(USA) including Environmental Ministries, a part of the Presbyterian Hunger Program, and the Office of Public Witness as well as our association with Fossil Free PCUSA, Eco-Stewards, Creation Justice Ministries and GreenFaith, among others.

Particular highlights included the General Assembly in Detroit, where passions for environmental, economic and social justice were evident through the presence of advocates as well as through overtures. We are also grateful for the work of Yukon Presbytery who hosted an excellent eco-justice trip to focus on awareness of how climate change has affected areas of Alaska.

We welcomed Jane Laping, who transitioned from Vice Moderator to work as Coordinator of PEC. We appreciate her presence as she continues to provide excellent administrative skills and guidance for the organization.

Many thanks to all of you who continue to support the work and ministry of PEC as we move forward together to be an active and visible witness to caring for God's Creation. We encourage you to be interactive and be in contact with us if you have any ideas, questions, or concerns and/or would like to be part of a committee. We also highly encourage you to engage with our Facebook page and Twitter account, as well as follow our blog.

Strength and God's wisdom as we continue our vital work together, held by the Grace of God.

Diane Waddell  
Moderator
